NUMBER 49

OSCEOLA WOMAN, ATTACKED BY BEAR, NEAR DEATH

VICTIM REMOVED TO PHILIPSBURG HOSPITAL

Same Bruin That Was Here
With Skating Rink as Trick
Skater Few Weeks Ago

ATTACKED WOMAN IN KITCHEN

The skating rink which occupied the Heller lot, corner of Fourth and Pine streets, several months ago during the early part of the summer has been holding forth at Osceola since leaving Clearfield. One of the features of the enterprise is a trained bear which dons the rollers on special occasions and skims around the rink for the edification of the curious.

The bear escaped from his cage this morning about 6 o'clock and made his way into the house of an Italian resident located near the skating rink. The woman of the house was in the kitchen getting breakfast for her husband, who was in another part of the house, making ready to go to his work. The bear attacked the woman without an instant's warning, knocking her to the floor. Her arm was broken and the animal proceeded to tear at the woman's body and lower limbs.

The frenzied screams of the victim of the wild animal caused her husband to rush to the rescue. He seized a stove poker and with the assistance of a young colored man who also rushed to the woman's aid, the bear was clubbed away from his prostrate and injured victim and was later secured and locked in his pen by his owner. The woman, whose name we were unable to learn, was very seriously injured and was rushed at once to the Philippsburg hospital where he wounds were given medical attention. She is suffering greatly from shock in addition to her wounds and it is feared her injuries will terminate fatally.

During the time the rink was located in Clearfield the bear and his keeper went to the bathing bench at Gillick's for a swim and while in the water the bear managed to escape and started down the road to town. He encountered a West Side young lady along the road and attacked her, tearing her clothes badly before being driven away. He was chased by his keeper who finally corralled him on the front porch at the Shillingford home on South Second street, where he had taken refuge.

EIGHT MEMBERS OF 1919 WHITE SOX ARE INDICTED

CHICAGO, Sept. 28.—Eight members of the White Sox in the 1919 World series were today indicted by the Cook County grand jury on charges of conspiring to do an illegal act. The indictments were voted on by the grand jury which investigated alleged crookedness in baseball. Those indicted were: Hap Felsch, center field; Buck Weaver, first baseman; Fred Mullin, infielder; Swede Risberg, shortstop; Eddie Cicotte, pitcher; Clark Williams, pitcher; Chick Gandil, first baseman; Joe Jackson, outfielder. The announcement was made by H. H. Brigham, foreman of the grand jury.

ONE O'CLOCK PRICES

NEW YORK, Sept. 28.—Prices on the stock market today were: American Locomotive 92, Baldwin Locomotive 107 1/2, Bethlehem Steel 70 1/2, Central Leather 45 1/2, Crutcher Steel 26, General Motors 18 1/2, General Electric 142 1/2, Penna. 41 1/2, St. Clair 32 1/2, United States Steel 56 1/2, Westinghouse Electric 37.

COX-ROOSEVELT CLUB FORMED LAST NIGHT

Candidate For Congress James
D. Connelly Flays Record of
Congressman Jones

A. D. BIGLER CLUB PRESIDENT

Local Democrats organized a Cox and Roosevelt club at a meeting of enthusiastic representatives of that party held in the Arbitration Room of the Court House last evening. The stormy night interfered somewhat with the attendance but despite the downpour of rain almost every seat in the room was occupied by the time Borough Chairman B. E. Shirey called the meeting to order. Mr. Shirey introduced Wallace Smith, Esq., Secretary of the County Committee, who detailed the progress of the movement to organize a Cox and Roosevelt Club, dating from the original meeting in Democratic headquarters on Third street one evening last week. Mr. Smith stated the membership rolls had already been generously signed and it was necessary for this meeting to create the actual organization by the selection of officers to govern same.

Nominations for President were called for and Albert D. Bigler was unanimously chosen to that position. On assuming the chair Mr. Bigler made a neat little speech in which he told briefly of the wonderful achievements of the Wilson administration during the past eight years and asked those assembled to put forth their utmost efforts for the election of Cox and Roosevelt in order that wise Democratic policies might be carried out to a fitting consummation by the final ratifying of the peace treaty and League of Nations Covenant.

The chair then called for the election of the remainder of the officers of the club and the following were chosen:

Secretaries:—Rex McClure and James Kerr.
Vice Presidents:—First ward—Elbert V. Brown.
Second Ward—J. M. Malloy and Ira Jay.
Third Ward—Sylvan Kramer and McClellan Rowles.
Fourth Ward—Worrell Jones.
Clearfield Precinct of Lawrence Twp.—Archer H. Read.
Hillsdale Precinct—Ed. T. Henry.
Mrs. Frank B. Reed Boro Chairman for the Woman's organization then announced the Ward Committeewomen and vice presidents for the women. They are as follows:

First Ward—Chairman—Daisy Thora Johnson, vice president, Emily B. Kerr.
Second Ward—chairman Augusta Kratzer, vice president, Anna L. Gingery.

Third Ward—chairman, Hettie L. Gilbert, vice president, Josephine Mc Murray.

Fourth Ward—chairman, Lettie J. Kline, vice president, Mrs. Robert Livingston.

Following the election of officers candidate for Congress J. D. Connelly was called upon to address the gathering and proceeded to "point with pride and view with alarm" in a manner highly befitting the occasion. He devoted the major portion of his remarks toward his opponent Congressman Jones, who in a recent address to the Republican Woman's club of Clearfield announced that were he returned to Congress he would support the 18th or Prohibition amendment to the constitution. The speaker expressed himself as being pleased to learn Mr. Jones' position, which was in hearty accord with his own on this important subject, and the knowledge at this time was doubly illuminating on Mr. Jones' part because his speech in Clearfield on the occasion mentioned was the first time on record that Congressman Jones had publicly taken any stand favoring

DUBOIS TENEMENT HOUSES COLLAPSE ALL ESCAPE UNHURT

A large amount of excitement was caused in the Fifth ward yesterday morning shortly after 10:30 o'clock, at which time a portion of a tenement house owned by C. A. McDonald slipped from its moorings on some pillars and crashed to the ground. There was imminent danger of fire and the alarm was sounded, bringing out the firemen, but their services were not required, as the families occupying the apartments and people attracted to the scene by the crash carefully turned out all gas and water, the main shutoff being later turned off.

The portion of the building that crashed to the ground is that extending along Main street and was occupied by three families, Dorey Hay, Robert Kirschartz and William Eltringham. All of the occupants of the building were badly shaken up, but fortunately no one sustained injuries. The house fell a distance of about 4 feet and caused a loud roar when it toppled over.

The tenements in question were formerly car barns, being used for that purpose when the trolley cars found a resting place at night on Spring avenue. Following the erection of the new car barns, the buildings were taken over by Mr. McDonald and converted into tenements.

HUDSON AND OVERLAND DROP IN PRICE

DETROIT, Sept. 28.—The Hudson Manufacturing company, manufacturers of the Hudson and Essex, today announced a reduction in the prices of all models of their cars. The reduction ranges from \$220 to \$450.

NEW YORK, Sept. 28.—A reduction in price of automobiles was made by the Willys-Overland company from \$100 to \$200 per car, it was announced today.

Prohibition or the Prohibition amendment and proved his assertion to the satisfaction of his hearers by quoting from the Congressional record Mr. Jones attitude every time the question was raised in Congress during the two sessions which he attended. That record shows that Congressman Jones had opportunity to vote for or against the Prohibition amendment and its accompanying resolutions on no less than fourteen separate and distinct resolutions including the Amendment and the Volstead Act and not in a single instance did he cast a ballot on the proposition. He was present at the discussion and roll call on thirteen of these resolutions, but refrained from voting on every one, although on three of these resolutions, after the vote was taken, and he failed to vote, he had himself recorded as voting "yea" and in one instance had the record show him voting "nay."

Mr. Connelly concluded his remarks with the statement that if elected to represent the 21st District on Congress he would not only support and maintain the constitution and its every part and section, but that he would be on hand at all time with the courage of his convictions on all legislation affecting his constituency and would stand up and be counted on every proposition instead of straddling and "artfully dodging" every proposition that demanded clean cut determination as was done by the present member from this district.

Short addresses were also made by Elbert V. Brown, J. L. Breth, Don Gingery, Rex McClure, Hugh Kline, Hobart Callahan and W. E. Gilliland. President Bigler appointed Messrs. Don Gingery, F. S. Gilliland and W. H. Sutton members of a Speakers and Meeting committee and the meeting adjourned, after all present who had not already done so, had signed the roll of membership.

Miss Eleanor Martin returned to Margaret Morrison School, Pittsburgh, after spending the summer with her parents Mr. and Mrs. John Martin. Henry Krebs is visiting at his home in Corning, N. Y. for a couple weeks. Miss Hannah Barton is spending this week with friends in Tempton

Under Which Flag?

Powell in the Omaha Bee.

BETTER BABY CONTEST
A nurse from the hospital will be at the booth in the Exhibition Hall each afternoon from three o'clock Wednesday at four o'clock. The results will be posted at the booth on Thursday afternoon.

STUDEBAKER CARS REDUCED IN PRICE "EATS" TUMBLING

CHICAGO, Sept. 28.—Further steps to reduce prices were taken here today. Chicago hotel men met to consider cuts in the cost of eating. Russel J. Poole, city official directing the fight on high prices was prepared to go before the hotel men and talk over with them the difference between cost of selling price as listed on the hotel menu. "I think we will have no trouble in showing that 5 cents is too much to charge for 1 cent worth of tomatoes and that 60 cents is too much for 2 cents worth of corn on the cob," said Poole.

Food prices continued to tumble today. Potatoes were selling at from \$1.5 to \$2.0 a hundred weight. Peaches, tomatoes and fruits were cut to "pre-war prices." Further reductions in automobiles were announced. The Studebaker Corporation announced a reduction of from \$125 to \$200 in the price of cars.

WORLD SERIES IS TO OPEN OCT. 5 IN BROOKLYN, N. Y.

CHICAGO, Sept. 28.—The National Baseball Commission meeting here today changed the date of the World Series which was announced yesterday. Under the new arrangement the first game will be played in Brooklyn on October 5. Games will also be played here October 6 and 7. Then the teams will go to the American League city which wins the pennant either, Cleveland or Chicago. Four games will be played in the American League city unless one team wins in fewer games. The eighth game will be played in Brooklyn October 14th and the final game, if necessary, will also be played in the National League city.

LEAGUE ENFORCES EUROPEAN WAGES ON AMERICANS

MANNINGTON, W. VA. En Route with Senator Harding.—The League of Nations covenant through its labor provisions would permit foreign bodies to determine the conditions of employment and wage standards in the United States, Senator Warren G. Harding told a group of laboring men in a rear platform speech at Mannington, W. Va., today.

BUILDING COSTS ARE GREATEST PROBLEM IN LIVING COSTS

WASH. Sept. 28.—Prices of building materials now coming down can weather a 50 per cent slash before touching bottom, reports to the State Department today showed. Cuts in building material will be forced so as to solve the entire problem of living costs, officials said today. An increase in construction work means lower rents. The average family would have more money for food, clothing and recreation. Labor Department reports show that building material has not stripped all other commodities in high prices.

SQUIRE LOCKETT TAKES A BRIDE

Wm. H. Lockett and Mrs. Ellen J. Edwards were united in marriage at Monday noon at Trinity Methodist parsonage by Rev. W. W. Hartman. Squire Lockett was justice of the peace for several years in Knox township and in that office performed more than a dozen marriages himself. However, when it came the squire's turn to answer the important questions, his bride suggested that they call on the preacher.

Mrs. Edwards is a highly esteemed woman of New Florence, Westmoreland county and will soon remove to Clearfield where she and Mr. Lockett will have their home.

Harold Wilson and William Beahan have returned from spending their vacation in Philadelphia and Atlantic City.

Mr. and Mrs. George Sheldon have returned to their home Binghamton, N. Y., after visiting the latter's mother Mrs. C. G. Wilson.

TWO MURDER CASES GET UNDER WAY JURIES COMPLETED

The entire regular panel of jurors were exhausted in an effort to get twelve men to try Herman Heinzy in criminal court yesterday, with the result that but seven men were secured. Before court adjourned for the day Sheriff Gorman was given a special venire and ordered to summon thirty additional jurors, with orders to report to court at 9 o'clock this morning.

Sheriff Gorman and Deputy Gilliland hustled about in the rain pretty near all night on this work and at the appointed time this morning had their thirty men in court ready to be called and examined.

Judge Whitehead of Williamsport, arrived in Clearfield last evening for the purpose of assisting Judge Bell with Criminal Court. The case of Com. vs. Phil Eichelberger was called for trial this morning before Judge Whitehead. Eichelberger is being prosecuted by Gleason & Brockbana, while Chase & Chase represent the defense. An effort was made to secure a jury in the case but some eight or ten of the jurors called failed to respond and Sheriff Gorman was again directed to summon talemson in order that this jury might be filled. Judge Bell directed that an attachment be issued for the absent jurors and that they be brought before the court to explain their failure to be on hand when called. When hailed before the Court the tardy jurors all furnished good excuses and got off with a lecture.

The jury in the Eichelberger case was secured by 10 o'clock and the trial began in the Arbitration room. Mayor A. M. Hoagland, of Williamsport, accompanied Judge Whitehead to Clearfield and is acting as court reporter in his court.

The entire morning session was taken up with the attempt to complete the jury and at the noon recess four more jurors had been accepted. Twenty-three of the special venire had been examined up to this time and the attorneys were of the opinion that the twelfth man would be taken from the remaining seven.

The jury which will render a verdict in the Heinzy case is as follows: C. F. Grape, farmer, Brady Twp. Elmer Shaw, blacksmith, Clearfield. Earl Kline, miner, Woodward Twp. K. O. Stewart, laborer, Clearfield. Leslie Straw, farmer, Ferguson Twp. L. D. Weber, bookkeeper, DuBois. G. B. Weber, blacksmith, Burnside. Emory R. Gorman, foreman, Covington township.

CLEARFIELDERS KILLED IN WEST BY ROBBERS

Archie and Earl Fletcher, Sons
of James Fletcher, Slain in
North Dakota Sept. 19

ONLY MEAGRE DETAILS GIVEN

The sad news was received in Clearfield last evening to the effect that Archie and Earl Fletcher, former residents of this vicinity, had been killed and robbed at some place in North Dakota.

The young men were sons of James Fletcher, who lives on the old George Julich farm on the other side of Coal Hill in Lawrence township, Archie was 35 years of age and Earl 30 years. The latter was an ex-service man.

They left Clearfield in the spring of 1919 and had been working throughout the west. The past season they were working at harvesting through the wheat belt. A letter was received from them by their father two weeks ago. It was written from Spirit Lake, North Dakota, and in this communication the young men stated that they proposed continuing at their work up into Canada and expected to come home some time late in the fall.

Word of their tragic end was contained in a telegram received from J. H. Means, of Marcus, Iowa, which was received by James Fletcher last evening and was as follows:

Marcus, Iowa, Sept. 27, 1920.
Archie and Earl killed and robbed in South Dakota Sept. 19th. Buried here. Can we do anything or are you coming out?

J. H. MEANS.
Mr. Fletcher is endeavoring to get in touch with the authorities where the murder and robbing occurred in order that he may have the appalling investigated and learn all the facts surrounding the terrible affair.

HORSE RACING IS BIG DRAWING CARD AT COUNTY FAIR

The management of the Clearfield County Fair has everything in ship shape for the reception and entertainment of the largest crowd in the history of Clearfield fairs and all indications point to such a gathering being with us the next three days of this week.

All roads are leading to Clearfield and the program prepared for the entertainment of our visitors will leave nothing to be desired after a visit to the park.

The agricultural and stock exhibits are exceptionally large and fine and are the real feature of the fair.

The big Exposition building is a real bow of beauty. Cal Ferrari's big carnival and wild animal show, together with the many booths and stands about the grounds gives the entire affair the necessary carnival appearance and will furnish much entertainment during the week.

Following is the schedule of races for the fair with the horses entered in the different races.

Tuesday, September 28th.

Who can remember when nations quit fighting when the war was over?

Some profiteers need to do a lot of lying in order to do a little laying up.

If a man wants a friend in need he should cultivate the good will of a bank account.

What does it profit a man if he earns twelve dollars a day and spend half of it foolishly?

Poland has issued a plea for soap. There is always hope for a nation that feels the need of soap.

Corns on a girl's feet may keep her from church, but they never keep her from going to a jazz dance.

The important thing is that the women who are smoking cigarettes are not the ones who are managing the homes.

It is annoying to have an original thought and then discover it in the old reader you used in the district school.

Heads will fly when he gets back to Germany, says William. And if he tries to go back his head will be one of them.

A lot of men will be able to give last year's overcoat the "once over" with more appreciation than in some recent other years.

It has almost reached the point where a bricklayer or a plumber is about the only person who can afford the luxury of sandwiches.

Somebody tell the Missourians that women now possess equal rights. A Kansas City policeman arrested a woman for taking a chew of tobacco.

As has been the custom in past years, exhibitors of fruits and produce at our Fair are asked to donate their exhibits, at the close of the Fair, to the Children's Home. This applies not only to fruits and vegetables but to cooked foodstuffs of every sort.

The exhibitors who are so inclined are asked to notify Mr. Tate or L. A. Banta of their intentions so that cards may be attached to the exhibits "To Be Donated To The Children's Home After The Fair."

Here is an opportunity to bring sunshine into the lives of the little tots who will more than appreciate the infinitesimal sacrifice of those who are living in the midst of plenty. If you're showing something at the Fair that these kiddies will enjoy, here's an opportunity to practice the teaching of the Man of Galilee that "even tho you do it unto the least, etc."

MORE THAN ONE KIND OF PROHIBITION

The man who invented smokeless powder says that bomb outrages are possible because of the neglect in congress to appropriate money to regulate the sale and handling of explosives, which, he declares, may be obtained "with comparative ease by anyone." Some day the world will be old enough to express an opinion upon the mental processes of a nation that has provided an elaborate system to trace every drop of alcohol from still to consumer, and yet permits dynamite to be handled as freely as coal. There is more than one form of prohibition.

Perhaps, too, the time may come when we shall see more clearly than we do today the relation between crimes of violence and the availability of deadly weapons. There may be fewer murderous assaults when laws make the purchase of guns difficult.

Advancement comes slowly and usually a great calamity is required to shock people into action. The terrible tragedy of Wall street may have served one good purpose if it results in protection against a repetition of the experience. It is to be hoped that we shall not always wait for calamity to arouse us to progress.

THRIFT

—isn't stinginess or meanness in money matters, but a good, sensible, middle-of-the-road policy which recognizes that a little ready money saved always helps to smooth out the rough spots in life's journey.

FOOT BALL—LET'S GO!

Saturday, October 2nd, Clearfield High will stack up against the strong Kane team. Last Sunday Kane scored 19 points against Clarion Normal, and they are coming to Clearfield confident of doing as well or better against our pees, but Director, Stan and Coach Hensley have a confident smile that they say will not come off, but coaches and team realize that they are meeting a team of high class players and that there will be something doing every minute. Kane has two men that are headlined as wonders but, our boys say "They shall not pass."

The schedule for this year is the strongest that Clearfield High has ever had, and every member of the team is determined to make good and make a name for himself and for his school.

Come and see the athletic field. You will be accommodated with a first class seat where you can see every play from the kickoff to the sound of the whistle. Match your interest with the team and the men who, by giving of their time and money, are actively encouraging physical education by being at the game Saturday.

THE KITCHEN CABINET

Yesterday is dead—forget it.
Tomorrow does not exist—don't worry.
Today is here—use it.

EVERYDAY GOOD THINGS.

For those who are fond of corn products this corn bread will be attractive:

Corn Bread.
Take one cupful each of water and buttermilk, one-half cupful of flour, one and one-half cupfuls of corn meal, one-half teaspoonful of soda, one teaspoonful of baking powder and one egg. Sift the soda and baking powder with the flour, add the other ingredients, with a teaspoonful of salt, and bake in a hot oven.

Corn Mush Bread.
Heat one pint of milk until boiling; add three-quarters of a cupful of corn meal, one teaspoonful of salt, one tablespoonful of butter, and cook this batter on the top of the stove until it is thick. Remove from the heat and cool. When cold, stir in the well-beaten yolks of four eggs and fold in the stiffly beaten whites; bake in a well greased pudding dish and serve hot from the pan. This quantity makes sufficient for six.

Compote of Rice With Peaches.
Add two-thirds of a cupful of well-washed rice to a cupful of boiling water; steam until the rice has absorbed the water, then add one and one-third cupfuls of milk, boiling hot, one teaspoonful of salt and one-quarter of a cupful of sugar. Cook until the rice is soft. Turn into a buttered mold and when firm remove to a serving dish and arrange sections of very ripe peaches, dipped into macaroon crumbs. Use whipped cream and garnish with candied cherries for a sauce with which to serve the rice.

Dutch Apple Cake.
Separate the whites and yolks of two eggs. Beat the yolks and add one and one-half cupfuls of milk, a tablespoonful of butter, melted, one-half teaspoonful of salt, two cupfuls of flour that have been sifted with three level teaspoonfuls of baking powder; beat quickly, fold in the well-beaten whites of the eggs and turn into a shallow baking pan. Cover the top with cored, peeled and quartered apples; dust with half a cupful of sugar and a bit of cinnamon if liked. Bake in a moderate oven for half an hour and serve with cream and sugar or as a hot bread with tea or coffee.

C. E. SHIREY'S STORE
CHANGE HANDS

Bought by Wayne Norris, former secretary of the Workmans Cash Grocery Co. Mr. Shirey has been in business for the past fifteen years and during this time he has opened the store every morning and locked it every night, with the exception of three days when he was called away on account of the sickness of his son. A record which the new owner will no doubt not attempt to equal.

Mr. Norris has had considerable experience in the Mercantile business and will make a capable and obliging merchant.

At present the store is closed for inventory to be reopened under the new management about October 1st.

Beauty and Economy

It is our good fortune to be able to offer shoe styles that are not only the most beautiful, but which at the same time possess the qualities which determine economy.

In the offering you will find modes with graceful heels and elegant leathers to accompany the loveliest of silk frocks as well as the sturdier styles so satisfactory and enjoyable for walking and business wear.

Here Are Some Extraordinary Values

Made of black Kid or Brown Calf \$11.00 and \$12.50

Made of black Glacé Kid or Matt Kid at \$9.95

Made of Brown Kid at \$8.50

Women's Black Kid Shoe with black cloth tops, welted soles, straight heels at \$7.95

Women's Black Calf Shoes with cloth tops, welted soles, military heels at \$7.95

You will find it a pleasure to buy footwear at this store. There is such a comprehensive variety of new, becoming modes, and the high degree of proficiency in the fitting makes your satisfaction assured.

Lytle Bros.

Atlantic Volatility Means Quicker Pickup

You see them at every traffic crossing—the cars that are up and away with the word "Go". Alertness and power and pickup behind their pistons. Conspicuous registered in their drivers' faces. Atlantic, most likely, in their gasoline tanks.

For Atlantic has volatility as well as stability—the capacity to vaporize rapidly—to explode quickly, sharply and completely—to bring out and deliver all of its potential energy, and to concentrate the full force at the psychological moment.

Equally remarkable is the range of Atlantic volatility. It functions efficiently under varying temperature, humidity, speed and load conditions. Atlantic all burns at all times.

The entire minds of a great organization have established the correctness and range of Atlantic volatility. Only the enormous plants of a great organization can maintain that correctness from the variable crude oils of today. Only a great organization with a world-wide market for all the many products of petroleum can produce a gasoline like Atlantic to sell at the price you pay for it.

And only a great organization can give you the convenience of wide-spread service that awaits you when you steer for the Red Pump that says

ATLANTIC GASOLINE

Diamond Mining Old Industry.
Diamond mining is an ancient industry, and in India antedates Christ's birth by many centuries. There can be no question that the Roman Marcellus was acquainted with the Indian diamond in A. D. 16, and a ring of Imperial times, set with a one-carat rough stone, has been preserved. Since then, diamond-mining has furnished employment to tens of thousands, and for well over two hundred years to from seventy-five to one hundred thousand men. It is a world wide industry in which the common labor is almost wholly done by negroes.—Exchange.

Germol
A cake of yeast consists of five egg-shaped bodies so tiny that 4,000 of them, placed end to end, would measure an inch.

CASCARA QUININE

FOR Colds, Coughs AND La Grippe

Neglected Colds are Dangerous
Take no chances. Keep this standard remedy handy for the first sneeze.
Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache
Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opium in Hill's.

ALL DRUGGISTS SELL IT

Loads That Are of Benefit.

Every evil and wasteful habit draws upon our strength and resources without making any proper return. On the other hand, every task faithfully done, every responsibility manfully borne in the path of duty, steadies us, like well-bestowed ballast. There are loads that help as well as loads that hinder. These we should cheerfully take up, and those resolutely cast off.

Treatment of Sprains.

Sprains usually cause a good deal of pain. To relieve this apply a mixture of a small amount of turpentine, an equal amount of acetic acid and the white of an egg. Put the mixture in a bottle and shake it well before applying to the sprain.

Good Art.

Good art always consists of two things: First, the observation of facts; secondly, the manifesting of human design and authority in the way that fact is told. Great and good art must unite the two; it cannot exist for a moment but in their unity; it consists of the two as essentially as water consists of oxygen and hydrogen, or marble of lime and carbonic acid.—Buckin.

As She Saw the Elephant.

Little Catherine, aged four, saw an elephant at a circus for the first time. Looking at it, she exclaimed: "Oh, mamma, look at the fat horse with a tail near his eyes."

"The Bandbox"

By Louis Joseph Vance

She was the personification of unsophistication but when the wrong bandbox—the bandbox of fate—fell into her hands, she had a whole nation at her mercy, and then something happened!

SPECIAL ADDED ATTRACTIONS TODAY

Men of Many Metals.

Some people are rusty, their harsh words, and members out of whatever is good in their own character. Some people are gilt; a very brilliant exterior they present, but the first brush and hard using rubs off the gilding and reveals the base metal beneath. A third class are polished. The polish indeed is on the multifarious crosses of human life, the more it is rubbed the brighter it glows.

Discovery of Asphalt.

Asphalt, with which so many roads are paved, was found by accident. For a century in Switzerland natural rock asphalt was used to extract the rich stores of bitumen it contained. It was noticed that pieces which fell from the wagons and were crushed by the wheels formed a marvelously fine road and this led to its adoption as a road material.

Imitating Mahogany
In the manufacture of furniture and cabinets a great deal of red gum is used as an imitation of mahogany or Ceylonian walnut, says the American Forestry Magazine. When red gum is properly finished it can be made to look much like either of these woods. There is a very distinct difference, however, between red gum and mahogany or walnut. This difference lies in the size of the pores.

Best On Earth for That Sore Throat or Chest Cold

Nothing Speedier or Better Than Famous 20th Century Liment Guaranteed

That hacking cough, that cold in the chest, that awful backache or headache will quickly disappear by just rubbing on 20th Century Liment.

Don't worry about Lumbago, Sore Muscles, Lameness or Stiff Neck. 20th Century Liment brings joyful relief in just a few minutes. It never fails to prove a blessing to sufferers from painful, swollen rheumatic joints, indeed, its action in all forms of rheumatism is little less than marvelous.

Get a bottle today. Don't be afraid to use it freely. It is the greatest of all remedies for sprains, bruises, cramps in leg and sore muscles. It acts so quickly that users are simply astonished. Never mind if the skin is broken or inflamed, there's nothing in 20th Century Liment to irritate, but lots of good things like camphor and salicylic acid will soothe and heal.

20th Century Liment is for sale and recommended by all good druggists. Woodward & McPherson can supply you.

FORMER CLEARFIELD GIRL MARRIED.

Miss Ruth Eldred, daughter of Charles L. Gerdhart formerly of Clearfield, was married at her home in Philadelphia on September 20th to Dr. Bern Theophilus Mohr of Allentown, where the young couple will reside.

I AM CALENDAR

Hesitant injury may be avoided by planting wheat a week or ten days later than the average for the section. Orchard.—It is well to have the land ready where cultivated orchard are to be added to a tree cover crop, so that seeding can be done early in September.

Corn.—Keep cobs and cabbages in the house. Use much of the surplus of milk of soda with do work.

Cover Seed.—If you have a good crop of clover and plenty of hay on hand, it is to open up a fresh seed. It is valid.

Feeding New Cows.—Care should be taken in feeding new cows to horses as a dangerous form of colic is apt to result. They should be introduced into the ration gradually.

Poultry.—All young stock should be so culled that only the best pullets are retained. All cockerels not to be used as breeders should be disposed of. Broilers provided they weigh one and one-half pounds. Locate male birds now for the next breeding season.

The Dairy Sire should have plenty of exercise, fresh air and sunshine. The best arrangement for him is an open shed with a strongly fenced yard connected.

Clean Milk.—To produce a high grade of clean milk, the cows must be kept clean especially about the udder, flanks and other rear parts. The milk should be drawn into a covered pail having a small opening. The pail must be thoroughly washed and sterilized after each milking.

Largest Horse and Mule Market

St. Louis is the largest horse and mule market in the world. Kansas City is the second largest.

Apollo Chocolates And Bon Bons And Pralines Fresh AT THE Virginia Chocolate Shop

Goods Hard to Match.

Any woman who has ever worn a black dress or costume knows how difficult black is to match. No black goods are really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown or dark blue, or dark red. Matching black goods, therefore, is difficult because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

Death to Him!

The American culture that lives on the American continent is immune against all disease. It is really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown or dark blue, or dark red. Matching black goods, therefore, is difficult because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

A Copious Fall

There are no parts of the Midlands where an unheeded thought has now been a danger for two years and more. It is difficult because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

to turn their heads above water—
Read Daily Mail

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning. To flush from the system the previous day's waste, sour fermentations and putrid poisons before it is absorbed into the blood. Just as cold when it burns leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material which if not eliminated forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of lime water or a glass of hot water with a teaspoonful of lime water or a glass of hot water with a teaspoonful of lime water.

THE AMERICAN RED CROSS IN PEACE TIME

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life saver and a pain saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife who inexpertly wielded a can opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

Chinese Warning to Counterfeiters.
It was a rash man that made counterfeiting his trade in defiance of the grim warning pointed on Chinese bank notes of the Ming dynasty, "Who makes a copy of this will have his head cut off." The most superficial student of Chinese history knows that the threat was not idle. Nowhere, except in Lewis Carroll's Wonderland, was the total privilege of cutting off heads exercised so freely as at the court of Peking—Youth's Companion.

Chain Screen Doors for Furnaces.
Chain screen doors have been found satisfactory as a protection for firemen against the intense heat of metal, glass and chemical furnaces. The curtain of chain shuts in heat, gases and sparks, and shuts out cold air permits an unhampered view of the interior of the furnace, and allows tools or other objects to be very easily projected into it.

Art of Die Making
Old coins have been found which show that the art of die making was known to the Greeks as early as 800 B. C.

A Notoriously Lovable Man.
Of a New York woman recently murdered a paper naively says: "He had been only four months out of jail; he had served four terms for burglary and truck thievery; his father said his son never came home except to extort money from his family. All the witnesses insist that he had no enemies and none of them can think of any reason why anyone should have tried to kill him."

No Really White Silk.
There is no such thing as pure white silk. There are three colors of so-called white silk, oyster, which is sometimes called pure white, though it has a slight blue tinge, ivory, which has a tinge of pale yellow, and cream, in which the yellow tone can be plainly seen.

Eat Less Meat If Back Hurts

Take a Glass of Salts to Flush Kidneys if Bladder bothers you—
Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the urea acid in meat clogs the kidney, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts, or kidneys aren't acting right, or if bladder bothers you get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone, make a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean thus averting serious kidney disease.

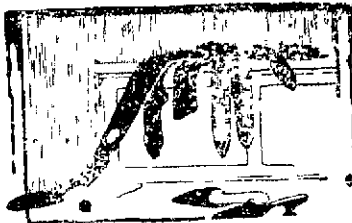

Be Sure To Look Up The Purina Exhibit At The Fair

There is something of interest for every owner of chickens, cattle, swine, horses, etc.

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages". Aspirin is trade mark Bayer Manufacture. Monoclonal indicator of Ballyhoo.

PESKY BED BUGS

(Pesky Devils Quietest) P. D. Q. is a new chemical that puts the everlasting to the Pesky bedbugs, roaches, fleas, ants and crickets—impossible for the pesky devils to exist where P. D. Q. is used. Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing. A 25c package makes a full quart enough to kill a million bedbugs, roaches, fleas of crickets and also contains a patent receipt to get the eggs out of the bed to get it places, and saves time. Special Hospital also 25c makes five boxes, containing three apouts—supplied by druggists or sent prepaid upon receipt of price either a/c, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

Raw Vegetable Cure.

The juices of raw vegetables eliminate all kinds of poisons from the blood and many proofs are now forthcoming of cures of rheumatism, neuritis, consumption, etc., having been completely cured by the raw vegetable diet.

Pike's Time Had Come.

While fishing near Altoona, Pa., John Isett hooked a monster pike, but it broke the line and got away. So far, that is the usual fish story, but this one has a different sequel. Next day Mr. Isett was fishing in the same place, when a fellow follower of Isank Walton successfully landed the pike that got away from Isett, hook, line and all.

Gossip for Tonight's Tea Table

Miss Helen Whiteman returned to Georgetown convent today, after spending the summer with her parents Mr. and Mrs. H. S. Whiteman on Second street.

Harold Brown of Lock Haven is attending to business here this week.

Miss Margaret Ward of DuBois spent the week end with friends here.

Miss J. J. Sheridan left today for Akron, Ohio, where she will visit with relatives.

Mrs. William Sackett and daughter Marion are spending a few days with friends in DuBois.

Horace Whiteman of Cleveland, Ohio is spending his vacation with his parents Mr. and Mrs. H. S. Whiteman.

Joe Toney has returned from a six months visit with relatives in the North Western states.

Mrs. Catherine Berry and Sarah Ward left yesterday on a shopping trip to New York and Philadelphia.

John E. Foote has returned from a business trip to Altoona.

Mr. and Mrs. Ward of Hornell, N. Y. are guests of their son Fred Ward on William street.

Born, 10 pound boy at the home of Mr. and Mrs. Walter Webster at Wilmington, Delaware. Papa Webster, the general manager of the Nickel-Alloys Company is highly elated.

John Chase is home from Ann Arbor, Mich., to spend a few days with his parents Mr. and Mrs. A. W. Chase on Locust street.

Almost Human.

Scotland Yard has just become possessed of an ingenious instrument known as a "metal detector," which has the peculiar property of detecting arms in ships attempting gun-running operations.

"Coal Cellars" in the Sky.

The large patches of total blackness amid the myriad of stars in the sky are sometimes referred to as "coal cellars."

CHEVROLET MAN HANDS OUT SOME EXCELLENT DOPE

"Obey the Law"

"Consider the other fellow."

"Automobile owners who keep these two thoughts uppermost will help promote safety in driving," says F. R. Williams, local dealer in Chevrolet passenger and commercial cars.

"In addition, there are ten simple rules that should always be observed. Some of these rules are traffic regulations in most places. But the law varies. Wherever you are, obey the laws of that place."

"And remember that considering the other fellow is not only a precaution for his safety but for yours also."

"1. Don't attempt to pass the man

ahead if there is a vehicle coming in the opposite direction. Always see that the road is clear."

"2. Don't pass standing street car discharging or taking on passengers."

"3. Don't 'cut in short' after passing a vehicle."

"4. Don't turn in a busy street except at corners."

"5. Don't cut corners. When making a turn make allowance for traffic in other directions."

"6. Slow down and sound your horn when crossing or entering another street."

"7. Always give the proper signal when starting, stopping, turning or changing speed may affect other traffic."

"8. Don't forget that the legal speed is a safe speed."

"9. Always slow down when you observe children playing near the curb or in the street—they have not the wisdom of adults."

"10. Don't drive your car at all without knowing that brakes and steering gear are all right and that lights and license plates comply with the law."

Pliny and the Rose.

Pliny wrote of the rose at the beginning of the Christian era. "It is a flower known to all nations equally with wine, myrtle and oil."

NUMBER 49

OSCEOLA WOMAN, ATTACKED BY BEAR, NEAR DEATH

VICTIM REMOVED TO PHILIPSBURG HOSPITAL

Same Bruin That Was Here
With Skating Rink as Trick
Skater Few Weeks Ago

ATTACKED WOMAN IN KITCHEN

The skating rink which occupied the Heller lot, corner of Fourth and Pine streets, several months ago during the early part of the summer has been holding forth at Osceola since leaving Clearfield. One of the features of the enterprise is a trained bear which dons the rollers on special occasions and skims around the rink for the edification of the curious.

The bear escaped from his cage this morning about 6 o'clock and made his way into the house of an Italian resident located near the skating rink. The woman of the house was in the kitchen getting breakfast for her husband, who was in another part of the house, making ready to go to his work. The bear attacked the woman without an instant's warning, knocking her to the floor. Her arm was broken and the animal proceeded to tear at the woman's body and lower limbs.

The frenzied screams of the victim of the wild animal caused her husband to rush to the rescue. He seized a stove poker and with the assistance of a young colored man who also rushed to the woman's aid, the bear was clubbed away from his prostrate and injured victim and was later secured and locked in his pen by his owner. The woman, whose name we were unable to learn, was very seriously injured and was rushed at once to the Philippsburg hospital where he wounds were given medical attention. She is suffering greatly from shock in addition to her wounds and it is feared her injuries will terminate fatally.

During the time the rink was located in Clearfield the bear and his keeper went to the bathing bench at Gillick's for a swim and while in the water the bear managed to escape and started down the road to town. He encountered a West Side young lady along the road and attacked her, tearing her clothes badly before being driven away. He was chased by his keeper who finally corralled him on the front porch at the Shillingford home on South Second street, where he had taken refuge.

EIGHT MEMBERS OF 1919 WHITE SOX ARE INDICTED

CHICAGO, Sept. 28.—Eight members of the White Sox in the 1919 World series were today indicted by the Cook County grand jury on charges of conspiring to do an illegal act. The indictments were voted on by the grand jury which investigated alleged crookedness in baseball. Those indicted were: Hap Felsch, center field; Buck Weaver, first baseman; Fred Mullen, infielder; Swede Risberg, shortstop; Eddie Cicotte, pitcher; Clark Williams, pitcher; Chick Gandil, first baseman; Joe Jackson, outfielder. The announcement was made by H. H. Brigham, foreman of the grand jury.

ONE O'CLOCK PRICES

NEW YORK, Sept. 28.—Prices on the stock market today were: American Locomotive 92, Baldwin Locomotive 107 1/2, Bethlehem Steel 70 1/2, Central Leather 45 1/2, Crude Oil 26, General Motors 18 1/2, General Electric 142 1/2, Penna. 41 1/2, St. Clair 32 1/2, United States Steel 56 1/2, Westinghouse Electric 37.

COX-ROOSEVELT CLUB FORMED LAST NIGHT

Candidate For Congress James
D. Connelly Flays Record of
Congressman Jones

A. D. BIGLER CLUB PRESIDENT

Local Democrats organized a Cox and Roosevelt club at a meeting of enthusiastic representatives of that party held in the Arbitration Room of the Court House last evening. The stormy night interfered somewhat with the attendance but despite the downpour of rain almost every seat in the room was occupied by the time Borough Chairman R. E. Shirey called the meeting to order. Mr. Shirey introduced Wallace Smith, Esq., Secretary of the County Committee, who detailed the progress of the movement to organize a Cox and Roosevelt Club, dating from the original meeting in Democratic headquarters on Third street one evening last week. Mr. Smith stated the membership rolls had already been generously signed and it was necessary for this meeting to create the actual organization by the selection of officers to govern same.

Nominations for President were called for and Albert D. Bigler was unanimously chosen to that position. On assuming the chair Mr. Bigler made a neat little speech in which he told briefly of the wonderful achievements of the Wilson administration during the past eight years and asked those assembled to put forth their utmost efforts for the election of Cox and Roosevelt in order that wise Democratic policies might be carried out to a fitting consummation by the final ratifying of the peace treaty and League of Nations Covenant.

The chair then called for the election of the remainder of the officers of the club and the following were chosen:

Secretaries:—Rex McClure and James Kerr.
Vice Presidents:—First ward—Elbert V. Brown.
Second Ward—J. M. Malloy and Ira Jay.
Third Ward—Sylvan Kramer and McClellan Rowles.
Fourth Ward—Worrell Jones.
Clearfield Precinct of Lawrence Twp.—Archer H. Read.
Hillsdale Precinct—Ed. T. Henry.
Mrs. Frank B. Reed Boro Chairman for the Woman's organization then announced the Ward Committeewomen and vice presidents for the women. They are as follows:

First Ward—Chairman—Daisy Thora Johnson, vice president, Emily B. Kerr.
Second Ward—chairman Augusta Kratzer, vice president, Anna L. Gingery.

Third Ward—chairman, Hettie L. Gilbert, vice president, Josephine Mc Murray.

Fourth Ward—chairman, Lettie J. Kline, vice president, Mrs. Robert Livingston.

Following the election of officers candidate for Congress J. D. Connelly was called upon to address the gathering and proceeded to "point with pride and view with alarm" in a manner highly befitting the occasion. He devoted the major portion of his remarks toward his opponent Congressman Jones, who in a recent address to the Republican Woman's club of Clearfield announced that were he returned to Congress he would support the 18th or Prohibition amendment to the constitution. The speaker expressed himself as being pleased to learn Mr. Jones' position, which was in hearty accord with his own on this important subject, and the knowledge at this time was doubly illuminating on Mr. Jones' part because his speech in Clearfield on the occasion mentioned was the first time on record that Congressman Jones had publicly taken any stand favoring

DUBOIS TENEMENT HOUSES COLLAPSE ALL ESCAPE UNHURT

A large amount of excitement was caused in the Fifth ward yesterday morning shortly after 10:30 o'clock, at which time a portion of a tenement house owned by C. A. McDonald slipped from its moorings on some pillars and crashed to the ground. There was imminent danger of fire and the alarm was sounded, bringing out the firemen, but their services were not required, as the families occupying the apartments and people attracted to the scene by the crash carefully turned out all gas and water, the main shutoff being later turned off.

The portion of the building that crashed to the ground is that extending along Main street and was occupied by three families, Dorey Hay, Robert Kirschartz and William Eltringham. All of the occupants of the building were badly shaken up, but fortunately no one sustained injuries. The house fell a distance of about 4 feet and caused a loud roar when it toppled over.

The tenements in question were formerly car barns, being used for that purpose when the trolley cars found a resting place at night on Spring avenue. Following the erection of the new car barns, the buildings were taken over by Mr. McDonald and converted into tenements.

HUDSON AND OVERLAND DROP IN PRICE

DETROIT, Sept. 28.—The Hudson Manufacturing company, manufacturers of the Hudson and Essex, today announced a reduction in the prices of all models of their cars. The reduction ranges from \$220 to \$450.

NEW YORK, Sept. 28.—A reduction in price of automobiles was made by the Willys-Overland company from \$100 to \$200 per car, it was announced today.

Prohibition or the Prohibition amendment and proved his assertion to the satisfaction of his hearers by quoting from the Congressional record Mr. Jones attitude every time the question was raised in Congress during the two sessions which he attended. That record shows that Congressman Jones had opportunity to vote for or against the Prohibition amendment and its accompanying resolutions on no less than fourteen separate and distinct resolutions including the Amendment and the Volstead Act and not in a single instance did he cast a ballot on the proposition. He was present at the discussion and roll call on thirteen of these resolutions, but refrained from voting on every one, although on three of these resolutions, after the vote was taken, and he failed to vote, he had himself recorded as voting "yea" and in one instance had the record show him voting "nay."

Mr. Connelly concluded his remarks with the statement that if elected to represent the 21st District on Congress he would not only support and maintain the constitution and its every part and section, but that he would be on hand at all time with the courage of his convictions on all legislation affecting his constituency and would stand up and be counted on every proposition instead of straddling and "artfully dodging" every proposition that demanded clean cut determination as was done by the present member from this district.

Short addresses were also made by Elbert V. Brown, J. L. Breth, Don Gingery, Rex McClure, Hugh Kline, Hobart Callahan and W. E. Gilliland. President Bigler appointed Messrs. Don Gingery, F. S. Gilliland and W. H. Sutton members of a Speakers and Meeting committee and the meeting adjourned, after all present who had not already done so, had signed the roll of membership.

Miss Eleanor Martin returned to Margaret Morrison School, Pittsburgh, after spending the summer with her parents Mr. and Mrs. John Martin. Henry Krebs is visiting at his home in Corning, N. Y. for a couple weeks. Miss Hannah Barton is spending this week with friends in Tempe-ton

STUDEBAKER CARS REDUCED IN PRICE "EATS" TUMBLING

CHICAGO, Sept. 28.—Further steps to reduce prices were taken here today. Chicago hotel men met to consider cuts in the cost of eating. Russel J. Poole, city official directing the fight on high prices was prepared to go before the hotel men and talk over with them the difference between cost of selling price as listed on the hotel menu. "I think we will have no trouble in showing that 5 cents is too much to charge for 1 cent worth of tomatoes and that 60 cents is too much for 2 cents worth of corn on the cob," said Poole.

Food prices continued to tumble today. Potatoes were selling at from \$1.5 to \$2.0 a hundred weight. Peaches, tomatoes and fruits were cut to "pre-war prices." Further reductions in automobiles were announced. The Studebaker Corporation announced a reduction of from \$125 to \$200 in the price of cars.

WORLD SERIES IS TO OPEN OCT. 5 IN BROOKLYN, N. Y.

CHICAGO, Sept. 28.—The National Baseball Commission meeting here today changed the date of the World Series which was announced yesterday. Under the new arrangement the first game will be played in Brooklyn on October 5th. Games will also be played here October 6 and 7. Then the teams will go to the American League city which wins the pennant either, Cleveland or Chicago. Four games will be played in the American League city unless one team wins in fewer games. The eighth game will be played in Brooklyn October 14th and the final game, if necessary, will also be played in the National League city.

LEAGUE ENFORCES EUROPEAN WAGES ON AMERICANS

MANNINGTON, W. VA. En Route with Senator Harding.—The League of Nations covenant through its labor provisions would permit foreign bodies to determine the conditions of employment and wage standards in the United States, Senator Warren G. Harding told a group of laboring men in a rear platform speech at Mannington, W. Va., today.

BUILDING COSTS ARE GREATEST PROBLEM IN LIVING COSTS

WASH. Sept. 28.—Prices of building materials now coming down can weather a 50 per cent slash before touching bottom, reports to the State Department today showed. Cuts in building material will be forced so as to solve the entire problem of living costs, officials said today. An increase in construction work means lower rents. The average family would have more money for food, clothing and recreation. Labor Department reports show that building material has not stripped all other commodities in high prices.

SQUIRE LOCKETT TAKES A BRIDE

Wm. H. Lockett and Mrs. Ellen J. Edwards were united in marriage at Monday noon at Trinity Methodist parsonage by Rev. W. W. Hartman. Squire Lockett was justice of the peace for several years in Knox township and in that office performed more than a dozen marriages himself. However, when it came the squire's turn to answer the important questions, his bride suggested that they call on the preacher.

Mrs. Edwards is a highly esteemed woman of New Florence, Westmoreland county and will soon remove to Clearfield where she and Mr. Lockett will have their home.

Harold Wilson and William Beahan have returned from spending their vacation in Philadelphia and Atlantic City.

Mr. and Mrs. George Sheldon have returned to their home Binghamton, N. Y., after visiting the latter's mother Mrs. C. G. Wilson.

TWO MURDER CASES GET UNDER WAY JURIES COMPLETED

The entire regular panel of jurors were exhausted in an effort to get twelve men to try Herman Heinzy in criminal court yesterday, with the result that but seven men were secured. Before court adjourned for the day Sheriff Gorman was given a special venire and ordered to summon thirty additional jurors, with orders to report to court at 9 o'clock this morning.

Sheriff Gorman and Deputy Gilliland hustled about in the rain pretty near all night on this work and at the appointed time this morning had their thirty men in court ready to be called and examined.

Judge Whitehead of Williamsport, arrived in Clearfield last evening for the purpose of assisting Judge Bell with Criminal Court. The case of Com. vs. Phil Eichelberger was called for trial this morning before Judge Whitehead. Eichelberger is being prosecuted by Gleason & Brockbana, while Chase & Chase represent the defense. An effort was made to secure a jury in the case but some eight or ten of the jurors called failed to respond and Sheriff Gorman was again directed to summon talemson in order that this jury might be filled. Judge Bell directed that an attachment be issued for the absent jurors and that they be brought before the court to explain their failure to be on hand when called. When hailed before the Court the tardy jurors all furnished good excuses and got off with a lecture.

The jury in the Eichelberger case was secured by 10 o'clock and the trial began in the Arbitration room. Mayor A. M. Hoagland, of Williamsport, accompanied Judge Whitehead to Clearfield and is acting as court reporter in his court.

The entire morning session was taken up with the attempt to complete the jury and at the noon recess four more jurors had been accepted. Twenty-three of the special venire had been examined up to this time and the attorneys were of the opinion that the twelfth man would be taken from the remaining seven.

The jury which will render a verdict in the Heinzy case is as follows: C. F. Grape, farmer, Brady Twp. Elmer Shaw, blacksmith, Clearfield. Earl Kline, miner, Woodward Twp. K. O. Stewart, laborer, Clearfield. Leslie Straw, farmer, Ferguson Twp. L. D. Weber, bookkeeper, DuBois. G. B. Weber, blacksmith, Burnside. Emory R. Gorman, foreman, Covington township.

W. P. Kephart clerk, Clearfield

10 F. P. Lantz, clerk, Clearfield

11 D. T. Moore, farmer, Karthaus township

PHONEY OFFICER CONFISCATED FOUR QUARTS

A "bootlegger" in search of some easy money drove into Smoke Run in a Ford last evening where a dance was in progress and backing off the public road near the dance hall began to sell red liquor at 50 cents per drink. He did a land office business for a few minutes during which he disposed of a couple of quarts of booze.

Finally a local young man who is employed as a policeman at one of the steel mills in the Pittsburgh region who was home on a visit got wise to the bootlegging and putting on his badge walked up to the automobile and told the booze peddler he was under arrest.

The bootlegger started to beg and plead to be allowed to get out with his car and after assessing him with a fine to cover the amount of 50 cent drinks disposed of during his operations and confiscating the remaining stock of four quarts in the car, the erstwhile officer of the law allowed Mr. Bootlegger to beat it away a sadder and poorer law violator.

CLEARFIELDERS KILLED IN WEST BY ROBBERS

Archie and Earl Fletcher, Sons
of James Fletcher, Slain in
North Dakota Sept. 19

ONLY MEAGRE DETAILS GIVEN

The sad news was received in Clearfield last evening to the effect that Archie and Earl Fletcher, former residents of this vicinity, had been killed and robbed at some place in North Dakota.

The young men were sons of James Fletcher, who lives on the old George Julich farm on the other side of Coal Hill in Lawrence township, Archie was 35 years of age and Earl 30 years. The latter was an ex-service man.

They left Clearfield in the spring of 1919 and had been working throughout the west. The past season they were working at harvesting through the wheat belt. A letter was received from them by their father two weeks ago. It was written from Spirit Lake, North Dakota, and in this communication the young men stated that they proposed continuing at their work up into Canada and expected to come home some time late in the fall.

Word of their tragic end was contained in a telegram received from J. H. Means, of Marcus, Iowa, which was received by James Fletcher last evening and was as follows:

Marcus, Iowa, Sept. 27, 1920.
Archie and Earl killed and robbed in South Dakota Sept. 19th. Buried here. Can we do anything or are you coming out?

J. H. MEANS.
Mr. Fletcher is endeavoring to get in touch with the authorities where the murder and robbing occurred in order that he may have the appalling investigated and learn all the facts surrounding the terrible affair.

HORSE RACING IS BIG DRAWING CARD AT COUNTY FAIR

The management of the Clearfield County Fair has everything in ship shape for the reception and entertainment of the largest crowd in the history of Clearfield fairs and all indications point to such a gathering being with us the next three days of this week.

All roads are leading to Clearfield and the program prepared for the entertainment of our visitors will leave nothing to be desired after a visit to the park.

The agricultural and stock exhibits are exceptionally large and fine and are the real feature of the fair.

The big Exposition building is a real bow of beauty. Cal Ferrari's big carnival and wild animal show, together with the many booths and stands about the grounds gives the entire affair the necessary carnival appearance and will furnish much entertainment during the week.

Following is the schedule of races for the Fair with the horses entered in the different races.

Tuesday, September 28th.
2:12 P.M. Purse \$4.00.

Who can remember when nations quit fighting when the war was over?

Some profiteers need to do a lot of lying in order to do a little laying up.

If a man wants a friend in need he should cultivate the good will of a bank account.

What does it profit a man if he earns twelve dollars a day and spend half of it foolishly?

Poland has issued a plea for soap. There is always hope for a nation that feels the need of soap.

Corns on a girl's feet may keep her from church, but they never keep her from going to a jazz dance.

The important thing is that the women who are smoking cigarettes are not the ones who are managing the homes.

It is annoying to have an original thought and then discover it in the old reader you used in the district school.

Heads will fly when he gets back to Germany, says William. And if he tries to go back his head will be one of them.

A lot of men will be able to give last year's overcoat the "once over" with more appreciation than in some recent other years.

It has almost reached the point where a bricklayer or a plumber is about the only person who can afford the luxury of sandwiches.

Somebody tell the Missourians that women now possess equal rights. A Kansas City policeman arrested a woman for taking a chew of tobacco.

As has been the custom in past years, exhibitors of fruits and produce at our Fair are asked to donate their exhibits, at the close of the Fair, to the Children's Home. This applies not only to fruits and vegetables but to cooked foodstuffs of every sort.

The exhibitors who are so inclined are asked to notify Mr. Tate or L. A. Banta of their intentions so that cards may be attached to the exhibits "To Be Donated To The Children's Home After The Fair."

Here is an opportunity to bring sunshine into the lives of the little tots who will more than appreciate the infinitesimal sacrifice of those who are living in the midst of plenty. If you're showing something at the Fair that these kiddies will enjoy, here's an opportunity to practice the teaching of the Man of Galilee that "even tho you do it unto the least, etc."

MORE THAN ONE KIND OF PROHIBITION

The man who invented smokeless powder says that bomb outrages are possible because of the neglect in congress to appropriate money to regulate the sale and handling of explosives, which, he declares, may be obtained "with comparative ease by anyone." Some day the world will be old enough to express an opinion upon the mental processes of a nation that has provided an elaborate system to trace every drop of alcohol from still to consumer, and yet permits dynamite to be handled as freely as coal. There is more than one form of prohibition.

Perhaps, too, the time may come when we shall see more clearly than we do today the relation between crimes of violence and the availability of deadly weapons. There may be fewer murderous assaults when laws make the purchase of guns difficult.

Advancement comes slowly and usually a great calamity is required to shock people into action. The terrible tragedy of Wall street may have served one good purpose if it results in protection against a repetition of the experience. It is to be hoped that we shall not always wait for calamity to arouse us to progress.

THRIFT

—isn't stinginess or meanness in money matters, but a good, sensible, middle-of-the-road policy which recognizes that a little ready money saved always helps to smooth out the rough spots in life's journey.

Your account is welcome with us

 **The Clearfield Trust Company**

FOOT BALL—LET'S GO!

Saturday, October 2nd, Clearfield High will stack up against the strong Kane team. Last Saturday Kane scored 19 points against Clarion Normal, and they are coming to Clearfield confident of doing as well or better against our pets, but Director, Staff and Coach Halsey have a confident smile that they say will not come off, but coaches and team realize that they are meeting a team of high class players and that there will be something doing every minute. Kane has two men that are hearted as wonders but, our boys say "They shall not pass."

The schedule for this year is the strongest that Clearfield High has ever had, and every member of the team is determined to make good and make a name for himself and for his school.

Come and see the athletic field. You will be accommodated with a first class seat where you can see every play from the kickoff to the sound of the whistle. Match your interest with the team and the men who, by giving of their time and money, are actively encouraging physical education by being at the game Saturday.

Makers of Dill's Balm of Life

THE KITCHEN CABINET

Yesterday is dead—forget it.
Tomorrow does not exist—don't worry.
Today is here—use it.

EVERYDAY GOOD THINGS.

For those who are fond of corn products this corn bread will be attractive:

Corn Bread.
Take one cupful each of water and buttermilk, one-half cupful of flour, one and one-half cupfuls of corn meal, one-half teaspoonful of soda, one teaspoonful of baking powder and one egg. Sift the soda and baking powder with the flour, add the other ingredients, with a teaspoonful of salt, and bake in a hot oven.

Corn Mush Bread.
Heat one pint of milk until boiling; add three-quarters of a cupful of corn meal, one teaspoonful of salt, one tablespoonful of butter, and cook this batter on the top of the stove until it is thick. Remove from the heat and cool. When cold, stir in the well-beaten yolks of four eggs and fold in the stiffly beaten whites; bake in a well greased pudding dish and serve hot from the pan. This quantity makes sufficient for six.

Compote of Rice With Peaches.
Add two-thirds of a cupful of well-washed rice to a cupful of boiling water; steam until the rice has absorbed the water, then add one and one-third cupfuls of milk, boiling hot, one teaspoonful of salt and one-quarter of a cupful of sugar. Cook until the rice is soft. Turn into a buttered mold and when firm remove to a serving dish and arrange sections of very ripe peaches, dipped into macaroon crumbs. Use whipped cream and garnish with candied cherries for a sauce with which to serve the rice.

Dutch Apple Cake.
Separate the whites and yolks of two eggs. Beat the yolks and add one and one-half cupfuls of milk, a tablespoonful of butter, melted, one-half teaspoonful of salt, two cupfuls of flour that have been sifted with three level teaspoonfuls of baking powder; beat quickly, fold in the well-beaten whites of the eggs and turn into a shallow baking pan. Cover the top with cored, peeled and quartered apples; dust with half a cupful of sugar and a bit of cinnamon if liked. Bake in a moderate oven for half an hour and serve with cream and sugar or as a hot bread with tea or coffee.

Nellie Maxwell

A. W. Leonardson is on a business trip to New York.

C. E. SHIREY'S STORE
CHANGE HANDS

Bought by Wayne Norris, former secretary of the Workmans Cash Grocery Co. Mr. Shirey has been in business for the past fifteen years and during this time he has opened the store every morning and locked it every night, with the exception of three days when he was called away on account of the sickness of his son. A record which the new owner will, no doubt not attempt to equal.

Mr. Norris has had considerable experience in the Mercantile business and will make a capable and obliging merchant.

At present the store is closed for inventory to be reopened under the new management about October 1st.

Beauty and Economy

It is our good fortune to be able to offer shoe styles that are not only the most beautiful, but which at the same time possess the qualities which determine economy.

In the offering you will find modes with graceful heels and elegant leathers to accompany the loveliest of silk frocks as well as the sturdier styles so satisfactory and enjoyable for walking and business wear.

Here Are Some Extraordinary Values

Made of black Kid or Brown Calf \$11.00 and \$12.50

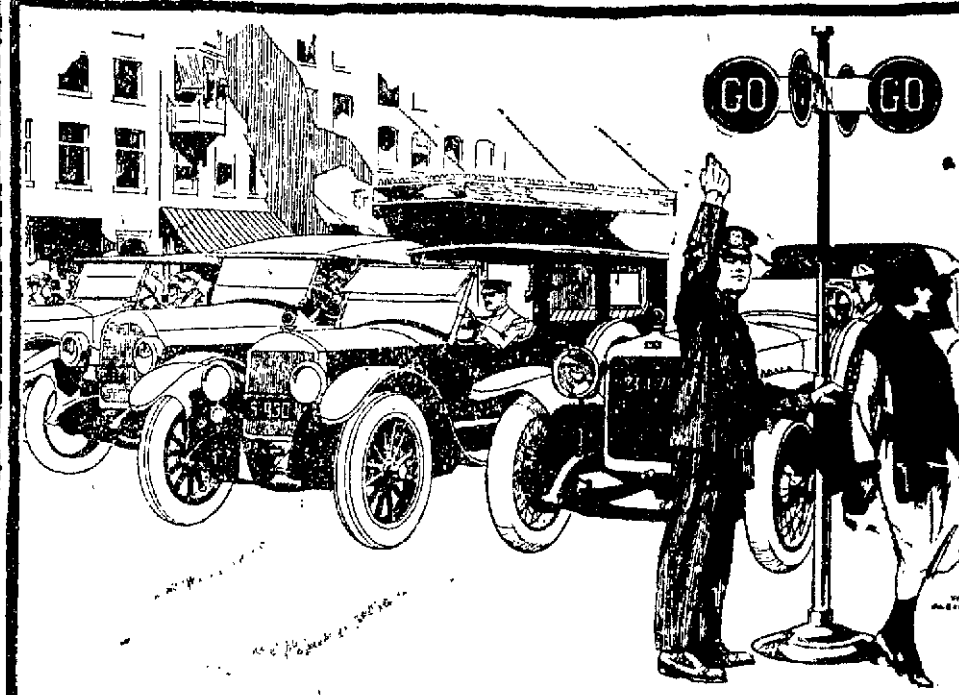

Made of black Glacé Kid or Matt Kid at \$9.95

Women's Black Kid Shoe with black cloth tops, welted soles, straight heels at \$7.95

Women's Black Calf Shoes with cloth tops, welted soles, military heels at \$7.95

You will find it a pleasure to buy footwear at this store. There is such a comprehensive variety of new, becoming modes, and the high degree of proficiency in the fitting makes your satisfaction assured.

Lytle Bros.

Atlantic Volatility Means Quicker Pickup

You see them at every traffic crossing—the cars that are up and away with the word "Go". Alertness and power and pickup behind their pistons. Complacency registered in their drivers' faces. Atlantic, most likely, in their gasoline tanks.

For Atlantic has volatility as well as stability—the capacity to vaporize rapidly—to explode quickly, sharply and completely to bring out and deliver all of its potential energy, and to concentrate the full force at the psychological moment.

Equally remarkable is the range of Atlantic volatility. It functions efficiently under varying temperature, humidity, speed and load conditions. Atlantic all burns at all times.

Scientific minds of a great organization have established the correctness and range of Atlantic volatility. Only the enormous plants of a great organization can maintain that correctness from the variable crude oils of today. Only a great organization with a world-wide market for all the many products of petroleum can produce a gasoline like Atlantic to sell at the price you pay for it.

And only a great organization can give you the convenience of wide-spread service that awaits you when you steer for the Red Pump that says

Diamond Mining Old Industry. Diamond mining is an ancient industry, and in India antedates Christ's birth by many centuries. There can be no question that the Roman Marlinus was acquainted with the Indian diamond in A. D. 16, and a ring of Imperial times, set with a one-carat rough stone, has been preserved. Since then, diamond-mining has furnished employment to tens of thousands, and for well over two hundred years to from seventy-five to one hundred thousand men. It is a world wide industry in which the common labor is almost wholly done by negroes.—Exchange.

Germol

A cake of yeast consists of five egg-shaped bodies so tiny that 4,000 of them, placed end to end, would measure an inch.

When You Know

you have a heart, it is time to watch your stomach. Palpitation and other signs of "heart trouble" usually mean—indigestion, produced by food poisons that irritate every part of the body—heart included.

First Whites Through Grand Canyon. On May 24, 1893, Maj. J. W. Powell and a party of explorers left Green river, Utah, in boats and passed through Marble and Grand canyons, emerging from the latter on August 20. Major Powell was later director of the United States geological survey.

Kill That Cold With

Neglected Colds are Dangerous. Take no chances. Keep this standard remedy handy for the first sneeze. Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache. Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opium in Hill's.

ALL DRUGGISTS SELL IT

Loads That Are of Benefit.

Every evil and wasteful habit draws upon our strength and resources without making any proper return. On the other hand, every task faithfully done, every responsibility manfully borne in the path of duty, steadies us, like well-bestowed ballast. There are loads that help as well as loads that hinder. These we should cheerfully take up, and those resolutely cast off.

Treatment of Sprains.

Sprains usually cause a good deal of pain. To relieve this apply a mixture of a small amount of turpentine, an equal amount of acetic acid and the white of an egg. Put the mixture in a bottle and shake it well before applying to the sprain.

Good Art.

Good art always consists of two things: First, the observation of facts; secondly, the manifesting of human design and authority in the way that fact is told. Great and good art must unite the two; it cannot exist for a moment but in their unity; it consists of the two as essentially as water consists of oxygen and hydrogen, or marble of lime and carbonic acid.—Buckin.

As She Saw the Elephant.

Little Catherine, aged four, saw an elephant at a circus for the first time. Looking at it, she exclaimed: "Oh, mamma, look at the fat horse with a tail near his eyes."

"The Bandbox"

By Louis Joseph Vance

She was the personification of unsophistication but when the wrong bandbox—the bandbox of fate—fell into her hands, she had a whole nation at her mercy, and then something happened!

SPECIAL ADDED ATTRACTIONS TODAY

Men of Many Metals.

Some people are rusty, their harsh words, and members out of whatever is good in their own character. Some people are gilt; a very brilliant exterior they present, but the first brush and hard using rubs off the gilding and reveals the base metal beneath. A third class are polished. The polish indeed is on the multifarious crosses of human life, the more it is rubbed the brighter it glows.

Discovery of Asphalt.

Asphalt, with which so many roads are paved, was found by accident. For a century in Switzerland natural rock asphalt was used to extract the rich stores of bitumen it contained. It was noticed that pieces which fell from the wagons and were crushed by the wheels formed a marvelously fine road and this led to its adoption as a road material.

Imitating Mahogany
In the manufacture of furniture and cabinets a great deal of red gum is used as an imitation of mahogany or Ceylonian walnut, says the American Forestry Magazine. When red gum is properly finished it can be made to look much like either of these woods. There is a very distinct difference, however, between red gum and mahogany or walnut. This difference lies in the size of the pores.

Best On Earth for That Sore Throat or Chest Cold

Nothing Speedier or Better Than Famous 20th Century Liment Guaranteed

That hacking cough, that cold in the chest, that awful backache or headache will quickly disappear by just rubbing on 20th Century Liment.

Don't worry about Lumbago, Sore Muscles, Lameness or Stiff Neck. 20th Century Liment brings joyful relief in just a few minutes. It never fails to prove a blessing to sufferers from painful, swollen rheumatic joints, indeed, its action in all forms of rheumatism is little less than marvelous.

Get a bottle today. Don't be afraid to use it freely. It is the greatest of all remedies for sprains, bruises, cramps in leg and sore muscles. It acts so quickly that users are simply astonished. Never mind if the skin is broken or inflamed, there's nothing in 20th Century Liment to irritate, but lots of good things like camphor and salicylic acid will soothe and heal.

20th Century Liment is for sale and recommended by all good druggists. Woodward & McPherson can supply you.

FORMER CLEARFIELD GIRL MARRIED.

Miss Ruth Eldred, daughter of Charles L. Gerdhart formerly of Clearfield, was married at her home in Philadelphia on September 20th to Dr. Bern Theophilus Mohr of Allentown, where the young couple will reside.

I AM CALENDAR

Hesitant injury may be avoided by planting wheat a week or ten days later than the average for the section. Orchard.—It is well to have the land ready where cultivated orchard are to be added to a tree cover crop, so that seeding can be done early in September.

Corn.—Keep cobs and cabbages in the house. Use much of the surplus of milk of soda with do work.

Canoe Seed.—If you have a good canoe seed, clover and plenty of hay or hay, it is to open up a new field of seed. It is valid.

Feeding New Cows.—Care should be taken in feeding new cows to horses as a dangerous form of colic is apt to result. They should be introduced into the ration gradually.

Poultry.—All young stock should be so culled that only the best pullets are retained. All cockerels not to be used as breeders should be disposed of. Broilers provided they weigh one and one-half pounds. Locate male birds now for the next breeding season.

The Dairy Sire should have plenty of exercise, fresh air and sunshine. The best arrangement for him is an open shed with a strongly fenced yard connected.

Clean Milk.—To produce a high grade of clean milk, the cows must be kept clean especially about the udder, flanks and other rear parts. The milk should be drawn into a covered pail having a small opening. The pail must be thoroughly washed and sterilized after each milking.

Largest Horse and Mule Market

St. Louis is the largest horse and mule market in the world. Kansas City is the second largest.

Apollo Chocolates And Bon Bons And Pralines Fresh AT THE Virginia Chocolate Shop

Goods Hard to Match.

Any woman who has ever worn a black dress or costume knows how difficult black is to match. No black goods are really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown or dark blue, or dark red. Matching black goods, therefore, is difficult because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

Death to Him!

The American culture that lives on the American continent is immune against all disease. It is really black. A piece of silk may seem black to the casual observer, and it may be called black, but it is not really black at all. It is dark brown or dark blue, or dark red.

A Copious Fall

There are no parts of the Midlands where an unheeded thought has now been a cultured for two years and more. It is difficult because one must be able to tell whether the black has more of brown, red or blue in it and match it to a piece of black goods containing the same color value.

to turn their heads above water—
Read Daily Mail

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning. To flush from the system the previous day's waste, sour fermentations and putrid poisons before it is absorbed into the blood. Just as cold when it burns leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material which if not eliminated forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it which is a harmless means of washing the waste matter and toxins from the stomach, kidneys and bowels thus clearing, sweetening and purifying the entire

alimentary tract before putting more food into the stomach. Girls and women with sallow skins, over spots, pimples or pallid complexions also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with bilious spells, acid stomach or constipation should begin this thoughtful hot water drinking at once. As a rule, a very pronounced result in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just a cup of hot water cleanses, purifies and freshens the system. Hot water and limestone phosphate, act on the inside organs. We must always consider that internal sanitation is a far more important thing than the cleanliness of the skin. The skin pores are so small that they cannot be cleaned by soap and water alone. Women who desire to see the beauty of their complexions should try this for a week and find a result.

THE AMERICAN RED CROSS IN PEACE TIME

Teaching First Aid

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life saver and a pain saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife who inexpertly wielded a can opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

Chinese Warning to Counterfeiters.

It was a rash man that made counterfeiting his trade in defiance of the grim warning pointed on Chinese bank notes of the Ming dynasty, "Who makes a copy of this will have his head cut off." The most superficial student of Chinese history knows that the threat was not idle. Nowhere, except in Lewis Carroll's Wonderland, was the total privilege of cutting off heads exercised so freely as at the court of Peking—Youth's Companion.

Chain Screen Doors for Furnaces.

Chain screen doors have been found satisfactory as a protection for firemen against the intense heat of metal, glass and chemical furnaces. The curtain of chain shuts in heat, gases and sparks, and shuts out cold air permits an unhampered view of the interior of the furnace, and allows tools or other objects to be very easily projected into it.

Art of Die Making

Old coins have been found which show that the art of die making was known to the Greeks as early as 800 B. C.

A Notoriously Lovable Man.

Of a New York woman recently murdered a paper eagerly says: "He had been only four months out of jail; he had served four terms for burglary and truck thievery; his father said his son never came home except to extort money from his family. All the witnesses insist that he had no enemies and none of them can think of any reason why anyone should have tried to kill him."

No Really White Silk.

There is no such thing as pure white silk. There are three colors of so-called white silk, oyster, which is sometimes called pure white, though it has a slight blue tinge, ivory, which has a tinge of pale yellow, and cream, in which the yellow tone can be plainly seen.

Eat Less Meat If Back Hurts

Take a Glass of Salts to Flush Kidneys if Bladder bothers you—
Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the urea acid in meat clogs the kidney, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts, or kidneys aren't acting right, or if bladder bothers you get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone, make a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean thus avoiding serious kidney disease.

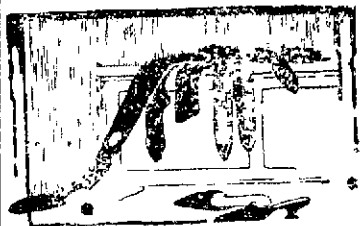

Be Sure To Look Up The Purina Exhibit At The Fair

There is something of interest for every owner of chickens, cattle, swine, horses, etc.

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages". Aspirin is trade mark Bayer Manufacture. Monoclonal indicator of Ballyhoo.

PESKY BED BUGS

(Pesky Devil's Quinine) P. D. Q. is a new chemical that puts the everlasting to the Pesky bedbugs, roaches, fleas, ants and crickets—impossible for the pesky devils to exist where P. D. Q. is used. Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of ridding the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing. A 25c package makes a full quart enough to kill a million bedbugs, roaches, fleas of crickets and also contains a patent receipt to get the eggs out of the bed to get it places, and saves time. Special Hospital also 25c makes five boxes, containing three apouts—supplied by druggists or sent prepaid upon receipt of price either a/c, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

Raw Vegetable Cure.

The juices of raw vegetables eliminate all kinds of poisons from the blood and many proofs are now forthcoming of cures of rheumatism, neuritis, consumption, etc., having been completely cured by the raw vegetable diet.

Pike's Time Had Come.

While fishing near Altoona, Pa., John Isett hooked a monster pike, but it broke the line and got away. So far, that is the usual fish story, but this one has a different sequel. Next day Mr. Isett was fishing in the same place, when a fellow follower of Isank Walton successfully landed the pike that got away from Isett, hook, line and all.

Gossip for Tonight's Tea Table

Almost Human.

Scotland Yard has just become possessed of an ingenious instrument known as a "metal detector," which has the peculiar property of detecting arms in ships attempting gun-running operations.

"Coal Cellars" in the Sky.

The large patches of total blackness amid the myriad of stars in the sky are sometimes referred to as "coal cellars."

CHEVROLET MAN HANDS OUT SOME EXCELLENT DOPE

"Obey the Law"

"Consider the other fellow."

"Automobile owners who keep these two thoughts uppermost will help promote safety in driving," says F. R. Williams, local dealer in Chevrolet passenger and commercial cars.

"In addition, there are ten simple rules that should always be observed. Some of these rules are traffic regulations in most places. But the law varies. Wherever you are, obey the laws of that place."

"And remember that considering the other fellow is not only a precaution for his safety, but for yours, also."

"1. Don't attempt to pass the man

ahead if there is a vehicle coming in the opposite direction. Always see that the road is clear."

"2. Don't pass standing street car discharging or taking on passengers."

"3. Don't 'cut in short' after passing a vehicle."

"4. Don't turn in a busy street except at corners."

"5. Don't cut corners. When making a turn make allowance for traffic in other directions."

"6. Slow down and sound your horn when crossing or entering another street."

"7. Always give the proper signal when starting, stopping, turning or changing speed may affect other traffic."

"8. Don't forget that the legal speed is a safe speed."

"9. Always slow down when you observe children playing near the curb or in the street—they have not the wisdom of adults."

"10. Don't drive your car at all without knowing that brakes and steering gear are all right and that lights and license plates comply with the law."

Pliny and the Rose.

Pliny wrote of the rose at the beginning of the Christian era. "It is a flower known to all nations equally with wine, myrtle and oil."
